

Nourishing the Soul, Mind and Body

St. Philip Neri School

Fall 2021

COMMENTS FROM PARENTS

Our family joined the SPN family over 5 years ago and we couldn't be any happier with our decision. The faith-based academic program is second to none, but the environment in which the children are taught is what we love the most. All of the teachers and staff put the children's and family's best interests first. When the COVID-19 pandemic started SPN not only continued teaching our children at a high level, they were able to adapt and keep the school open using great strategies and protocols. Our children learn in a safe atmosphere where we don't have to worry about their health being put in jeopardy. We recommend SPN to everyone we talk to!

Principal's Message

*We consider every gift we receive
 a precious resource from God.*

Dear St. Philip Neri Friends and Family,

My hope is that this letter finds you and your family well as we continue to educate during the continued pandemic. With prayers and continued hope, we look forward to having a more normal school day this year. These past nineteen months have required great perseverance and faith from us all.

Despite the many challenges thus far, Saint Philip Neri School remains steadfast in delivering the quality educational experience that the school has become known for over the last 56 years. In mid-March of 2020, we pivoted to distance learning in just one day's time. In August of 2020, we re-opened offering both in-person and online learning in order to meet the needs of families. Thankfully, this year we are back to all in-person learning.

Needless to say, this pandemic era has caused unplanned expenses for the school. We have gone from shared technology to now one-to-one technology, which allows each student to have their own device. We also had to increase online tools and resources for teachers.

Besides technology, which is forever changing and updating, we needed to upgrade our facilities as well. Per the guidance of the CDC and the local Health Department, we upgraded our bathrooms to be touchless and removed the old water fountains to add self-filling water stations. This was done to help mitigate the transmission of germs. We also hired an additional staff member to help with the maintenance of the bathrooms.

I often refer to Saint Philip Neri School as a family. Never have I been more proud of the collective effort of students, faculty, staff, and families to accomplish all that we have thus far. In my opinion, our school's response to this pandemic will remain a shining moment in our school's growing history. We worked together to reopen our doors and to keep us all healthy and safe.

We are asking for your most generous donation possible to help us to continue our mission to nourish the soul, mind and body of each of our students. Our need is even greater than ever due to the impact of COVID-19 on our school. There is even greater need by families for help with tuition due to layoffs and loss of jobs. Tuition does not fully cover the cost of educating a Saint Philip Neri student, so your support will help us to meet our budgetary needs.

Please keep our entire school community in your prayers with the assurance that you and your loved ones remain in mine. Saint Philip Neri School remains most grateful for your support.

Warmly,

Kate Daley

“Nourishing the Soul, Mind and Body”

Through our many fundraisers, various social events, as well as our yearly appeal, we have been able to consistently meet our budget while keeping increases in tuition to a minimum. ***Your generosity makes a difference – this year and every year. THANK YOU!***

For your convenience, we have enclosed an envelope listing the different levels of giving, and we ask that you consider making a gift of at least \$50. Every gift makes a world of difference in our quest to provide a safe, loving, learning, Christ-centered environment for our children. We respectfully ask for your support in this endeavor.

Support of the 2021-2022 Annual Fund will help:

- Improve technology throughout the building
- Update our facility with needed repairs
- Enable financial aid support to families
- Provide spiritual retreats for students and staff
- Supply the instructional resource needs of our 21st Century learners
