8 St. Philip Neri House System

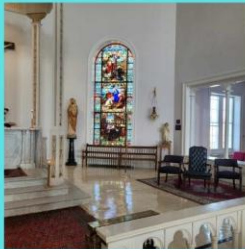

St. Philip Neri Catholic School has instituted a House System. We have 8 Houses. The Houses are the 7 gifts of the Holy Spirit plus Creativity. Every Faculty Member, Staff Member, and Student has been assigned to a House. We had a very special "sorting" ceremony in September where students received an envelope with a colored bracelet inside. Every student, from Pre-K to 8th Grade, was placed in a House. They will stay in that House until they graduate 8th grade. Each bracelet is a different color and has their house name on it. Throughout the school year, the Houses will meet for different activities, community service, and fun! Students may earn points for their House by getting "caught doing something good!" The students will see their points every day on the screens on the first and second floors of the school. They will even see the pictures of the students earning points for their house!
This system promotes teamwork and positive behaviors!

Celebrate Life!

Our 8th graders went to Mount De Sales Academy to Celebrate Life! The day includes working with Peer Ministers from Mount De Sales and Mount St. Joe, meeting students from other Catholic Schools, attending Mass, and a prayer walk around campus.
