7-1's Socratic Seminar! These students led discussions are a great way for students to engage in conversations about what they are currently learning. This method encourages critical thinking, collaboration, and a deeper understanding of complex ideas.

Gabby had her final regionals of the season this year in King of Prussia. This was her first time in the advanced division and she came out with the 3rd highest overall score for her "If My Friends Could See Me Now" musical theater solo!

Friends in school and on the field!  
Olivia, Kloe, and Piper stopped for a quick picture at one of their recent softball games at Lake Shore.

The best friends Sammi and Leah, from 3B, had to go head to head against each other for the second time this season! It's always hard playing against your BFF because you both can't win!

Emilynne and Braelyn's teams played softball against each other! Braelyn received the game ball for an awesome play as catcher. Great game girls!

Amelia had a softball game and Mrs. Carmie stopped by to say Hi! Mrs. Carmie's granddaughter was playing last night at well!

It was a great night for these two ball players! Lyla got her first hit and Penelope went 4-4! These girls are rocking it! Of course, their little siblings, Donovan and Hazel, were there to support them!

← A very big THANK YOU to everyone who donated goods to our House Lenten Project! Operation Mato Grosso is very grateful for our support! House points will be awarded to each house.

U is for Umbrella! Just ask our Pre-K students! Check out their umbrella parade!
